AFGHANISTAN

FACT SHEET

Daykundi Province

OVERVIEW

USAID estimated support for Daykundi from January 2002 - December 2010: \$31.7 million

Estimated population: 410,000 (Government of the Islamic Republic of Afghanistan Central Statistics Office: Estimated Population of Afghanistan 2008-2009)

Capital: Nili

Note: No PRT

Daykundi, established as an independent province in 2004, has a Hazara majority with a minority Pashtun population. This sparsely populated region has an agriculture-based economy and is widely known for its almonds. Daykundi has been severely affected by drought, and a general lack of water has increased problems for the large number of internally displaced persons returning to the region.

AGRICULTURE

Goal: Increase agricultural sector jobs and income through a) increased agricultural productivity by increasing farmer access to inputs and effective extension services; b) invigorated agribusiness by increasing linkages between farmers, markets, credit, and trade corridors; and c) rehabilitated watersheds and improved irrigation infrastructure. Also, increase Afghans' confidence in their government by increased Ministry of Agriculture, Irrigation, and Livestock's (MAIL) capacity to deliver services and promote the private sector and farmer associations through direct budget and technical assistance.

Summary: USAID focuses on preparing farmers to participate in a modern agricultural economy through improved agricultural opportunities.

Current Activities:

- Provide accessible and affordable agricultural inputs – improved seed varieties and fertilizer – and promote the increased production of wheat, while building the capacity of the emerging private-sector seed industry and input supply system

Accomplishments:

- Distributed 97 metric tons of seed and 291 metric tons of fertilizer through a voucher system benefitting 1,940 farmers during the current planting season

DEMOCRACY & GOVERNANCE

Goal: Build the capacity of government institutions to improve the quality of government services to Afghan citizens. Support independent media institutions and advocacy groups.

Summary: USAID supports the justice sector, media, and civil society in Daykundi Province.

USAID
FROM THE AMERICAN PEOPLE

AFGHANISTAN

FACT SHEET

Daykundi Province

Current Activities:

- Support the Radio Dai Kundi station in Dai-Kundi center, Dai-Kundi with program funding and technical support as part of a national network of local radio stations that broadcast independent national satellite programming from Salam Watandar
- Support basic education and employable skill training which will organize community dialogues, run resource centers, monitor grantees, and provide capacity building to target civil-society organizations
- Train provincial councils, which will improve professionalism, knowledge, and skills resulting in more effective and transparent leadership
- Train provincial and district-level civil servants in the five common functions highlighted in the Afghanistan National Development Strategy: financial management, human resources management, procurement, project management, and strategy and policy development
- Embed technical advisors in provincial line departments, who provide on-the-job training to civil servants to increase service delivery
- Provide capacity building, training, and small grants to three Afghan civil-society organizations showing potential to be sustainable, effective organizations in Daykundi Province
- Train Provincial Council Members on the council's legal rights, monitoring, and oversight and get them to communicate with the constituents and represent them at government entities
- Supported the 2010 voter registration update exercise; assisted domestic and international observation missions; trained political parties and candidate poll agents; conducted a series of poll surveys ahead of the 2010 election; and provided civic education and media outreach activities for broad-based participation to promote a democratically-elected government
- Provide access for the governor and his office to the Performance Based Governors Fund, which provides governors with a \$25,000/month fund to cover operational expenditures and perform community-outreach projects
- Increase the municipality capacity and service delivery of Nili District

Accomplishments:

- Supported the development of the justice sector through the publication and distribution of judicial reference laws
- Developed and trained judges and court administrators in the Afghanistan Court Administration System
- Provided core skills and ethics training to provide judges with the tools necessary to officiate over the courts
- Promoted legal and human rights awareness, including women's rights, through public-education campaigns in a variety of media, and provided institutional, capacity-building training to civil-society organizations
- Provided training and support to provincial councils, which improved professionalism, knowledge, and skills, resulting in more effective and transparent leadership
- Facilitated consensus-building efforts through civic-education training and dialogue sessions with mullahs and Sharia scholars
- Supported voter registration, assisted domestic and international observation missions, trained political parties and independent poll agents, conducted a series of poll surveys, and supported the 2009 presidential and provincial council elections
- Strengthened the Nili District municipality through training and technical assistance by embedded technical advisors, youth support, trash collection, and implementing municipal small-scale infrastructure projects

Daykundi Province

ECONOMIC GROWTH

Goal: Promote a thriving, legal economy led by the private sector.

Summary: USAID promotes economic development in Daykundi Province through expanding access to modern banking services and telecommunications.

Current Activities:

- Support the Da Afghanistan Bank (DAB) accounting and financial management department at DAB Daykundi to prepare for implementation of the Core Bank System, DAB's automated transaction management and accounting system, which improves dramatically service delivery, funds transfers, and financial reporting functions
- Promote economic related information and data collection activities in Daykundi province to build DAB regional economic research and analytical functions introduced in DAB zone offices
- Support the revenue reconciliation team of the Daykundi Mustofiat, focused on accurate revenue collection posting and reporting to center
- Hire and deploy two Ministry of Finance (MoF) provincial budgeting officers to support provincial budgeting training and coordination with line ministries via the soon to be established provincial budgeting training hub in Kandahar Province
- Promote improved cash management operations with regard to availability and quality of bank notes in circulation

Accomplishments:

- Facilitated the deployment of the first telecom infrastructure ever to exist in Daykundi (in December 2006, Afghan Telecom launched its wireless service, providing voice and dial-up internet services to approximately 2,500 paying customers)
- Connected provincial government offices in Daykundi with Kabul through broadband technology; this Government Communications Network facilitated active, transparent governance by linking federal and local level decision-makers, and is also available for commercial users including non-government organizations and the Independent Election Commission
- Installed eight District Communications Network centers operated by Afghan Telecom that provide telephones, Internet, and copying services to both the district government officials and the public
- Established one DAB branch office in Daykundi that operates as the paying agent for the government and disburses all social, payroll, and procurement payments (services such as these increase the effectiveness and efficiency of the social and economic infrastructure of Afghanistan, contributing to the development of the public and private sectors)
- Installed the Revenue Reconciliation and Accounting database in the Daykundi Mustofiat, which has dramatically reduced processing times of Afghan government revenue receipts, production on revenue reports, and uploading into the consolidated MoF Financial Management System
- Supported the MoF to hold a provincial budgeting training event for 10 Daykundi Province officials, providing information on foundations of public financial management, planning and budgeting practices, and the MoF's public financial management reforms in budgeting, treasury, and aid management

EDUCATION

Goal: Improve the quality of basic education through improved teacher quality and increased availability of primary school textbooks; support community-based education; improve the livelihoods of urban and rural communities through increased literacy and employability instruction.

USAID

AFGHANISTAN

FACT SHEET

Daykundi Province

Summary: USAID supports educational improvements in Daykundi Province through three national education programs. USAID has provided in-service teacher training (INSET), developed in-school teacher support activities (ITSA), provided radio-based teacher support programs, provided support to local communities through capacity strengthening in partnerships with non-government organizations and Ministry of Education personnel, printed textbooks, and constructed and/or refurbished schools.

Current Activities:

- Continue INSET 2 training teachers
- Develop accelerated learning materials and train trainers
- Conduct school management training 2 (SMT 2)
- Provide radio-based teacher support programs to improve teachers' skills and performance
- Train teachers and school administrators in modern teaching methods through the establishment of district-based teacher training teams
- Support 29 community-based schools for 840 students to expand access and quality of education in areas where there are no formal schools
- Continue textbook support

Accomplishments:

- Completed teacher-training activities through partnerships with non-government organizations for more than 2,800 teachers and approximately 90 trainers
- Broadcasted supplementary radio-based teacher support programs
- Established teacher learning circles in approximately 250 schools
- Developed school improvement plans in 237 schools
- Established 237 school-management committees
- Completed more than 1,400 teacher observations during life of the project
- Established 87 school manager practicum groups for 253 school principals
- Provided school manager and curricula training for 227 teachers and school directors
- Constructed three schools
- Printed more than 498,700 primary education textbooks

HEALTH

Goal: Improve the access to and quality of health services and increase the abilities of individuals, families, and communities to protect their health.

Summary: USAID's principal health investments in Daykundi Province come through nationwide programs, including support for health and family planning products and provision of training courses.

Current Activities:

- Fund the Diseases Early Warning System for 14 routine conditions/diseases in six sentinel sites
- Support social marketing of health and family planning products (such as contraceptives, water purification agents, and oral rehydration salts for diarrhea) through 17 private-sector outlets
- Distribute community awareness materials for tuberculosis including a Database Information System and maintenance equipment for the database

USAID
FROM THE AMERICAN PEOPLE

AFGHANISTAN

FACT SHEET

Daykundi Province

- Train Community Health Worker Trainers and Community Health Supervisors, and orient new non-government organization staff to expand the use of post-partum family planning

Accomplishments:

- Trained 11,700 pharmacists, shura members, and community health workers on safe drinking water, oral rehydration salts, and birth spacing to increase the quality of preventative healthcare
- Identified the first batch of 35 students who will be supported in the Community Midwifery Education Program
- Trained provincial health officers to develop monthly joint monitoring plans to support the delivery of the Basic Package of Health Services and Essential Package of Hospital Services

INFRASTRUCTURE

Goal: Improve infrastructure in order to create licit economic opportunities, promote freedom of movement, and facilitate delivery of government and social services.

Summary: The infrastructure program for Daykundi Province focuses on improving the road linkages within the province and with Uruzgan Province, while building the capacity of local road workers and supporting the provincial economy through the use of locally-available materials.

Current Activities:

- Rehabilitate the Chora to Gizab Road to connect Daykundi and Uruzgan provinces, and facilitate access to markets and government and social services

STABILIZATION

Goal: Improve stability, extend the reach of the Afghan government, and promote stabilization efforts that lay the groundwork for medium- to long-term development activities.

Summary: USAID creates linkages and builds confidence between communities and the local government through small-scale infrastructure, training, and community-development projects.

Current Activities:

- Support community-level labor intensive programs that improve city infrastructure, support community development priorities, and offer temporary employment (wages earned through these public and community works projects enable the urban poor to support themselves and their families)
